

The Sadler Sentinel

Reminders

As many of you know, WCPSS has cancelled all field trips. The good news is the director of Durant Nature Park has set up an in house field trip here at LES. We will do activities outside on the same day we were scheduled to go there. Although this is in house, we will be exploring outside, so chaperones who expressed interest are still welcomed to attend. We will start at 10:15.

We are getting at that time of year where spring fever is starting to set in. I've been trying to reteach some of the rules and expectations in the classroom, hallway, lunchroom, etc. Please continue to support our behavior expectations by initialing the calendar daily.

Early Dismissal

If you know that you need to pick up your child early, to expedite the process, please email or call the school prior to pick up if it is possible.

Bove/Eller, Make-A-Wish Fundraiser

Ms. Eller and Ms. Bove are teaming up to complete the Trailblaze challenge, benefitting the Make-A-Wish Foundation. This challenge is a one-day endurance event requiring us to hike 28.3 miles of the Foothills Trail in Georgia. We are asking the Leesville community to help support us in our goal of raising \$5,000, with all donations going to help grant a wish to a local child. If you would like to donate, check out the flier in your child's Friday Folder or visit our fundraising
